Medical Details: .....

Emergency Contact Number: .....

## TRANSFER PROCEEDURE:

All transfers **MUST** conform to FA rules and regulations with the 7 days due notice given by the approaching club prior to any dealings with the player. Only one player per team may be approached at any one time. 28 days must have elapsed before any further approach can be made. A maximum of two players per season may be transferred from any one club to another except in exceptional circumstances. A club may refuse the transfer of any player in writing to the approaching club and copied to the League Secretary (within 14 days) unless the player has not been selected for four or more matches or has moved to another area. In cases of disagreement between clubs the League will arbitrate in the best interests of the player, subject to any outstanding commitments to his club being fulfilled, and that decision will be final.

The Transfer Form should be returned to the club wishing to sign the player along with his ID card, which should then be forwarded to the **League Registrar** along with the Transfer Form, self addressed envelope and the appropriate fee. The Registrar will then amend the ID card with the new team name and register the player with his new team.

**THE PLAYER MUST NOT PLAY FOR HIS NEW CLUB UNTIL HE HAS RECEIVED HIS NEW ID CARD.**
