

Rowsley & District Youth Football League - AGM 2014

Wingerworth JSA would like to propose a rule change in respect of Rule 11 - Reporting Results, for consideration and adoption at the AGM.

The proposal is to allow Teams to send the Match Report to the Results Secretary by electronic means ie a completed form scanned and emailed to the Results Secretary within the same timescales/deadline as currently exist. This would be an option - teams who still wish to use postal services can carry on as before, although in the long term see this manual process being withdrawn.

Advantages - cost, convenience, delivery is timed (no debate over documents lost in post) and reporting process can be completed on Sunday, rather than 2 working days afterwards.

The League has moved to IT based management over recent years - eg Use of Full Time, Referees listed on website, all communication via website, registrations on line. This seems to be another logical step forward.
